Lex Dale Owens
Rebecca Kohout
Shani Snooddy
Heather Telo
Randall Terrell
Jack Newman
Megan Woodburn
David Greene
Jennifer Elsner

Pauline Porter
Cara & Aaron Choate
George Holcombe
Girard Kinney

Meeting commenced late due to the police activity in the neighborhood. Police communicated that a car was stolen and the "perps" fled in our neighborhood. Rebecca's wireless phone allowed us to send an email alerting the NN to call 911 if any suspicious activity is noticed.

1) Pauline reports about the 38.5 Street Clean-up Initiative. The thinking is that there isn't too much support from the neighborhood (based on no feedback from email call for action) but Monarch is ecstatic about this and will support the initiative. Other local businesses: Quack's was contacted about garbage issues and exposed graffiti on their property and "Steve" from Fiesta has been contacted. Pauline is trying to get Fiesta into the fold and/or fund the clean-ups. In the past they have taken responsibility for cleaning up the bus stop on Robinson & 38.5, it has lapsed in the past year but will hopefully start up again. Steve reports that Fiesta's management is in support of CNA, but Pauline suggests that we as an association have to have our voice heard about how we feel about litter created by Fiesta in our neighborhood.

What are we going to do to make our concerns known to the greater neighborhood and its businesses? Cap Metro & more garbage pails? Shani suggests signage thanking Monarch for supporting CNA's trash initiative and/or "No Litter Tolerance Zone" signs. Heather volunteers to paint a sign. Also preparing a script for neighbors to communicate to Fiesta, as well as their phone number, and post it on the NN, for when 38.5 is looking junky and or shopping carts are in our nabe.

So what action were committed to:

- Will consider what kind of sign can be made by Heather/Jennifer.
- Shani will email "script" on NN.
- Jack will contact Cap Metro.

2) Budget brief by Rebecca. SxES party and CNA official endorsement? Should we set up

a table welcoming everyone to Cherrywood? The committee gives Rebecca the go ahead to solidify an arrangement with Chad Hamilton, organizer of SxES, to set up a hospitality table. SC members volunteered to man the table.

3) Debate on the debate on NN regarding the traffic planters and what is legit participation by neighbors and/or procedures needed to be followed. Taps into the greater debate on CNA outreach and lack of clear definitions of protocol. Cara & Aaron Choate comes to the meeting wondering how they are to proceed in lieu of feedback from Girard. Pauline offers to be the liaison and connect with Cara, Pascal & Aaron with the official ways & means.

4) Unanimous motion to accept Charlie Roadman's resignation and unanimously acceptance of Pauline Porter's application to be a CNASC member. As per CNA by-laws, confirmation at the next General Meeting, via vote, will beheld. Pauline offers up a small bio, including her temperament and 17 years in the neighborhood.

5) In response to the activity on NN regarding lack of CNA participation, George offers an intelligent world view perspective about creating democracy in Cherrywood.

6) MORE discussion about how CNA can be more welcoming!

7) David Greene brings up how the McMansion moratorium passed, do we want to create a committee to stay on top of this? Heather will create a meeting with the neighborhood via the P&Z committee to discuss the subject.

8) ... yes there is MORE discussion about how CNA can be more welcoming!

7:49 meeting adjourned!
