= OTHERS: Marilyn Fenn, George Holcombe, Girard Kinney (Rebecca Kohout recording)

>> Next -- July 12 (Wed) 6:30p, Los Altos

-----

#### 1. TREASURY (Rebecca)

I will post the treasure's report to the SC groups list. No changes, but the SC contributed \$225 to the bus stop beautification project. We will also move forward with the sign for Asbury Methodist and cut a check to Asbury for \$1,000. Jack needs to be reimbursed for \$20. Girard will submit his expenses. Rebecca needs to order more Welcome Brochures for the Hospitality committee.

#### 2. P&Z (Girard)

There are two projects that will be discussed at the next meeting June 21. Everyone is encouraged to attend. Girard is also available for information on the Tower at the old Airport, the new development proposed for Concordia U, and the McMansion ordinance.

#### 3. SURPLUS TABLES (George)

Asbury is replacing the folding tables in the Fellowship Hall. The old ones are available for free.

#### 4. MARY LOU FIERY'S AWARD (Jack)

The award to Ms. Fiery for the beautiful azaleas in her yard was presented to the committee for approval. It was made by Marilyn Fenn and Heather Telo. VERY NICE!

#### 5. NOTICE FROM AUSTIN ENERGY

There is going to be a steam cleaning of some turbo fans at the electric substation near the Children's Hospital at Mueller. We have been alerted that steam will rise from the system and not to be alarmed.

#### 6. UNKEMPT YARD at Robinson and 38½

We agreed to write a letter to the property owner. Pauline will also report the issue to the City.

#### 9. SC RESTRUCTURING

The floor was opened for discussion and the ideas of restructuring the Steering Committee and/or neighborhood association was discussed. While we see the need for a clear vision, no action and implementation ideas were proposed.

Meeting adjourned.
