—Girard moves to support a substitute motion to only support a ban if it's city-wide.  
  
—Jeremy offers a substitute-substitute motion: Support a city-wide ban if there is to be a ban; if that ban fails to pass, the neighborhood will then support a Cherrywood corridors ban.  
—Sub-sub motion carried with one opposed.
8. Approval of steering committee members for 2009-2011 terms:

—Girard Kinney, Rebecca Kohout, Jack Newman, Deb Freeman, Deb Freeman, David Greene, Aaron Choate

—Eric (?) will replace David Greene.

—This cohort was unanimously accepted.

#### 9. Discussion and possible action regarding the Cherrywood Neighborhood Sidewalk Plan

—Girard and Jeremy presented the plan and its history, and then fielded questions.

—Concerns of neighbors:

—Trees (sidewalk plan does seek to try to save trees)

—People on La Fayette are concerned about that street becoming a major corridor with increased traffic. The counter suggestion is that setting it up for increased pedestrian and cyclist traffic would actually decrease motor vehicle traffic.

—Will the city pay to move meters, etc, that are displaced by street reconstruction.

—MUCH discussion. Will continue to work on it, field neighbor concerns, and readdress at the next meeting.

#### 10. Meeting adjourned at 8:24.
